**ORDER**

The petitioner filed the above said petition for an interim direction for restoration of the service connection alleging that an amount of Rs.3,41,949/- was illegally made under the head of back billing and with great difficulty they could pay Rs. 1 lakh. The rice mill is closed on account of the disconnection made by the respondents and unless the same is restored, the petitioner is going to sustain great loss and several workers are working in the rice mill and they are also suffering a lot. Under these circumstances, the petitioner requested this

authority to pass an interim order for restoration of the service connection, otherwise untold hardship is going to sustain by them and the workers therein.

Perused the record and the grounds of appeal along with appeal submitted to this authority. It is necessary at this juncture to pass an interim order with a condition to deposit half of the amount from out of the total amount of Rs.3,41,949/- taking into account about the amount of Rs.1,00,000/- already paid out of the said 50% amount (i.e Rs.1,70,975 – 1,00,000). Soon after payment of the said balance amount, the respondents are directed to restore the service connection forthwith pending disposal of the appeal. This order is passed without prejudice to rights of both parties in the appeal filed before this authority.

This order is corrected and signed on this 16<sup>th</sup> day of April 2013
